Since 2008, we have enjoyed having a school chaplain as a member of our school student support team. Our current chaplain is Mrs Vicki Eland (Mrs Eland to the children). Mrs Eland works 2.5 days per week i.e Mondays and Wednesdays, and on Tuesday mornings.

Mrs Eland helps with classroom activities, is out in the playground at breaks to talk to students, assists with Mapleton Masterchefs and runs an outdoor education program. She may also be involved in extra curricula activities such as school camps. Her focus is on student welfare and well-being. She will contact parents if a child has asked to see her on a regular basis.

The Mapleton chaplaincy program is supported by funding from the Federal Government and managed by our Local Chaplaincy Committee which consist of representatives from our community, the school, Scripture Union (the organisation which manages the funding) and our local churches.
